

CONTENTS

Nanjing Highway Association Column

- Application of XYPEX Material in Repairing Defects of Concrete Structure in Highway Engineering WANG Ji (1)
- Construction Technology of Large-cantilevered Prestressed Pier Caps of Viaduct ZHENG Beilei, HU Tao (4)
- Application and Monitoring of New Form Traveler Method of Continuous Box-girder Construction ZHAO Yan, JIN Yan (9)
- Construction Technology of Installation of Bridge Beam by Steel launching nose and hydraulic cranes RUI Xianchun (12)
- Research on the Off-site Associated Law Enforcement by Traffic Management and Traffic Police ZHOU Qi (18)
- Discussion on Design Process and Construction Technology of Filled Composite Pavement ZHU Hongliang (23)
- Study on the Application of Concrete Maintenance by Water Saving Technology BIAN Dong, WU Xuefeng (26)

Road Engineering

- Karamay 90# Reclaimed Asphalt Pavement(RAP)Physical Properties and Mixture Ratio Analyzing of Hot Regeneration
HONG Liang, ZHONG Xiaoling, MENG HaoMing (29)
- Measurement and Analysis of Cooling Regularity of New Paved Asphalt Concrete ZHANG Cheng (34)
- Study on the Relationship between Composition Design and Strength of Cold Mixed Asphalt Mixture
CHEN Fan, ZHANG Xiuqin, WU Dongsheng, WANG Zhaoyong, WANG Wenfeng (38)
- Study on the Influence of Different Factors on the Adhesion between Asphalt Pavement Layers LYU Wei (45)

Bridge & Tunnel Engineering

- Design and Construction of Precast Concrete Box Culverts CHEN Zhiming, LIU Duo, ZHANG Jiandong, KONG Weiliang (49)
- Research on Mechanical Characteristics and Influence of Parameters on the Anchor of Cable-stayed Bridge
YANG Xudong, LI Yuanfu, HUANG Changkai, WANG Xianqiang (52)
- Study on a Jacking Forces Constrained Optimization Algorithm of Multi-span Continuous Rigid Frame Bridges
SUN Haixiu, ZHANG Wenming, LIU An, XI Zhuo, HU Yubing (56)
- Support Design and Construction Technology for Large Span Highway Tunnel in New Loess Zone MAO Jinlong (61)
- Research on Grouting Reinforcement Scheme of Underpass Railway Station with Mining Method ZHANG Zhen (67)

Communications Engineering

- Multi-Guided Vehicle's Influence on Car-following Driving Characteristics under Different Speed
YANG Haifei, SU Haiqi, HU Huan, LIU Changcheng, LI Rui, QIAO Yang (72)
- Survey and Analysis of Taxi Passenger Satisfaction in Nanjing AN Meng, ZHU Ye, WEI Dongyang (77)
- Study of Data Preparation Technology of Public Transport Card Based on Multiple Standard of Ministry and Province
FANG Quishui, LIANG Zhaojun, LIU Qiang (82)
- Research on the Rail-water Intermodal Transportation Preliminary Plan of Longtan Harbor of Nanjing Port HUANG Bo (86)
- Research on Traffic Characteristics of Small and Medium-Sized Cities and Improvement Strategy of Slow Traffic
LU Guixi, TANG Xiang, DU Wei (89)
