

# CONTENTS

## Road Engineering

|   |   |
|---|---|
| Influence of Excavation of Foundation Pit on Deformation of Existing Subgrade ..... | FAN Jinshan, CHENG Wei (1)              |
| Application of Hard Asphalt High Modulus Mixture in Heavy Traffic .....             | HUANG Jiguo, HAN Bijin, LIANG Xuzhi (6) |
| Study on Safety Evaluation of Pipeline Underground Crossing Engineering .....       |   |

..... LI Zhengzhong, PI Huiran, WANG Weiguang, XIAO Qingyi (11)

|  |                 |
|--|-----------------|
| Research on the Performance of Asphalt Mixture Based on Rheological Properties of Asphalt Mortar ..... | LYU Wei (16)    |
| Study on Resource Recycle Approaches of Garbage on Highway Area .....                                  | LIU Fashui (19) |

## Bridge & Tunnel Engineering

|   |  |
|---|--|
| Study on the Relationship between Expansion Joint Diseases and Bridge Structure ..... |  |
| ..... XU Jian, LIU Duo, MAN Xiaowei, JIANG Liusheng, ZHANG Jiandong (22)              |  |

|  |  |
|--|--|
| Classification and Adaptability of Connection Details Used in Prefabricated Bridge Piers ..... |  |
| ..... LI Jianhua, YU Zhangkuan, ZHANG Xishan , SONG Wanli, ZHUO Weidong, LIU Zhao (26)         |  |

|   |  |
|---|--|
| Study on Construction Technology of Ultrahigh Pressure Jet Grouting Pile in Water-rich Cobble Stratum ..... |  |
| ..... REN Jun, FAN Changchun, LI Bo (31)  |  |

|   |                                      |
|---|--------------------------------------|
| Research on Single Column Pier Cracking and Reinforcement Measures of Bridge Circular Section ..... | JIN Shian, LIU Qiwei (36)            |
| Application of Sponge City Design Concept in Wufengkou Elevated Project .....                       | MIAO Yan, XU Yidong, BAI Lanlan (40) |

|   |                           |
|---|---------------------------|
| Design of Jakarta-Cikampek Elevated Project in Indonesia .....                                  | YIN Liang (43)            |
| Construction Techniques for Main Pier Bored Pile of Wufengshan Yangtze River Major Bridge ..... | BAI Huawei, ZHANG Qi (47) |

## Communications Engineering

|   |  |
|---|--|
| Study on the Adaptability of Variable Speed Limitation on Expressway Considering the Behavior of Drivers in China ..... |  |
| ..... TANG Yifu, YANG Haifei, ZHAI Xue (51)   |  |

|   |                 |
|---|-----------------|
| A New Application of Contraflow Left-turn Lane .....                                    | LI Genghua (55) |
| Influence of Urban Parking Management Measures on Citizens' Choice of Travel Mode ..... |                 |

|  |                     |
|--|---------------------|
| ..... LIU Tenghui, DU Muqing, LI Yuechao (59)            |                     |
| Research on Traffic Carrying Capacity in Key Areas ..... | ZHAO Yongsheng (65) |

|  |                  |
|--|------------------|
| Study on Complex Development Mode of Aviation Transportation Hub of Guangzhou-Foshan Metropolis Area ..... | XIE Hanzhou (70) |
|--|------------------|

## Rail Transportation

|   |  |
|---|--|
| Research on Super High-speed Railway Ballast Flight Prevention Technical .....      | XU Xijiang, JING Guoqing, JI Yameng (76) |
| Research on Passenger Flow Forecasting Check Technology in Urban Rail Transit ..... | WANG Xiao (81)                           |

### Life Cycle Cost Analysis of Fully Automatic Operation of Urban Rail Transit

|  |             |
|--|-------------|
| —A Case Study of Suzhou Metro Line 5 .....                     | WU Jia (85) |
| Application of 3D Route Selection Design Based on KorFin ..... |             |

|  |                  |
|--|------------------|
| —Taking the Tram Route Design of Jiaxing as an Example ..... | LIU Tianjun (90) |
|--|------------------|
